intellectually impaired people the ongoing battle addresses challenges against the background of history changing societal environments and current intellectual approaches and attitudes toward persons with disabilities the book discusses national and international conventions societal attitudes sheltered workshops the right of intellectually impaired persons for self responsibility and its limitations and the place of mentally impaired persons in the public image additionally the book attempts to capture the forces that drive the changes of our conceptual frameworks the us tuskegee study which withheld antibiotics from black men with syphilis was not ended by scientific criticism but by a courageous man press reports and a changed social perception the non hiding of handicapped children is not the result of government orders there are many non resolvable dilemmas and tension between supporting understanding and patronizing a complex situation with many potential future avenues recognizes how contradictory feelings and attitudes toward impaired persons have a complex historical background sheds light on society and our institutions that deal with disabled people and the limitations of an isolated medical approach covers national and international conventions of mentally impaired persons

first we were told we all needed to have hrt to remain interesting for our husbands then we were told it was going to give us cancer and put us in an early grave next we were told hrt was safe and we had to take it or we d all end up with crippling brain fog quitting our jobs and descending into dementia as the economy collapsed around us on the other side of the fence are those who argue that menopause is natural it doesn t need treating and a cold water swim could fix everything no wonder we re more confused than ever why has this happened what does the evidence say menowars explains why menopause is such a political hot potato taking into account the history of gender bias in health and health research the void and how it s filled and what the evidence actually says it answers questions like will hrt prevent dementia what you can do help your brain will hrt prevent heart disease what you can do to help your heart and much more menowars explains the silent changes you can t see and which need to be sorted and why importantly it not only shows why we re arguing it outlines where the science is heading so we can live longer better healthier lives in perimenopause and throughout the decades we spend in post menopause

this book shines a light on the practices and professional identities of translators in nineteenth century france speaking to the translatorial turn in translation studies which spotlights translators as active agents in the international circulation of texts the volume charts the sociocultural legal and economic developments which paved the way for the development of the professional translation industry in france in the period following the french revolution through to the first world war drawing on archival material from french publishers institutional archives and translators own discourses and applying historiographical methodologies pickford explores the working conditions of professional translators during this time and the subsequent professional identities which emerged from the collective practice of translation across publishing business and government in its diachronic approach to translators practices and identities the book aims to recover the collective contributions of these translators and in turn paves the way for a new approach to translator history from below the volume will appeal to students and scholars in translation studies particularly those with an interest in literary translation translation history and translator practices
